- Audience: ~50 members of the public

Nov. 19, 2015: **Speaker, Sigma Xi Distinguished Speaker Series (U of T chapter)**

- Venue: University of Toronto
- Title: The Canadian High Arctic: a window into climate, ozone & air quality
- Event: Public lecture
- Audience: ~30 members of the public and U of T

Apr. 16, 2015: **Moderator, U of T GESA event: Bees, Neonics, and policy**

- Venue: University of Toronto
- Event: Public panel discussion event, four speakers
- Audience: ~75 members of the public and U of T

March 25, 2015: **Speaker, University of Toronto Sustainability Commission lecture**

- Venue: University of Toronto
- Title: Reporting from the Arctic: measuring ozone, tracking satellites, hiking fiords
- Event: Public lecture
- Audience: ~30 members of the public and U of T

Nov. 19, 2014: **Speaker, Toronto Public Library: environmental science speaker series**

- Venue: Toronto Public Library, Brentwood branch
- Title: The Canadian High Arctic: a unique window into climate, ozone, & air quality
- Event: Public lecture
- Audience: ~30 members of the public

Oct. 17, 2014: **Speaker, The association for science and reason**

- Venue: Fox and Fiddle, Toronto
- Title: PEARL: a strategic Canadian research facility at 80°N
- Event: Public lecture
- Audience: ~35 members of the public and U of T

Dan Weaver: education talks

Oct. 04, 2018: **Guest lecturer, NEW105, University of Toronto**

- Title: Climate change science & policy
- Audience: ~30 undergraduate students

Feb. 06-10, 2017: **Guest speaker, CANDAC Outreach Program trip to Iqaluit, Nunavut**

- Venue: Joemie Ilinniarvik Elementary School & Inuksuk High School, Iqaluit
- Details: Series of talks, demos, & activities about atmospheric science
- Audience: multiple classes of elementary and high school students

Aug. 2015 – 2017: **Speaker, Summer Unlimited Summer Camp, University of Toronto**

- Title: Virtual Tour of PEARL and introduction to atmospheric research
- Audience: ~50 undergraduate students

Oct. 19, 2017: **Guest lecturer, NEW105, University of Toronto**

- Title: Climate change science & policy
- Audience: ~30 undergraduate students

April 05, 2016: **Speaker, Our Poles Our Planet Youth Sustainability Conference**

- Venue: Catholic Education Center
- Title: Climate, ozone depletion and atmospheric monitoring in the Canadian High Arctic
- Event: Lecture
- Audience: ~200 high school students from across Toronto

March 17, 2016: **Guest lecturer, ABS 240, University of Toronto**

- Venue: Catholic Education Center
- Title: Climate, ozone depletion and atmospheric monitoring in the Canadian High Arctic
- Audience: ~10 undergraduate students

June 12, 2015: **Speaker, NDACC IRWG meeting**

- Title: Virtual Tour of PEARL
- Audience: ~40 international scientists

Dec. 04, 2013: **Guest lecture, Fieldstone King's College (Mr. Rob Foster's careers class)**

- Title: Arctic atmospheric science & the academic career path
- Audience: ~25 high school students

May 10, 2012: **Guest lecture, Environmental Assembly, Ursula Franklin Academy**

- Title: Arctic atmospheric science: adventure and surprise
- Audience: ~300 high school students
